## WHO WE ARE?

---

We are Lenka and Jan.

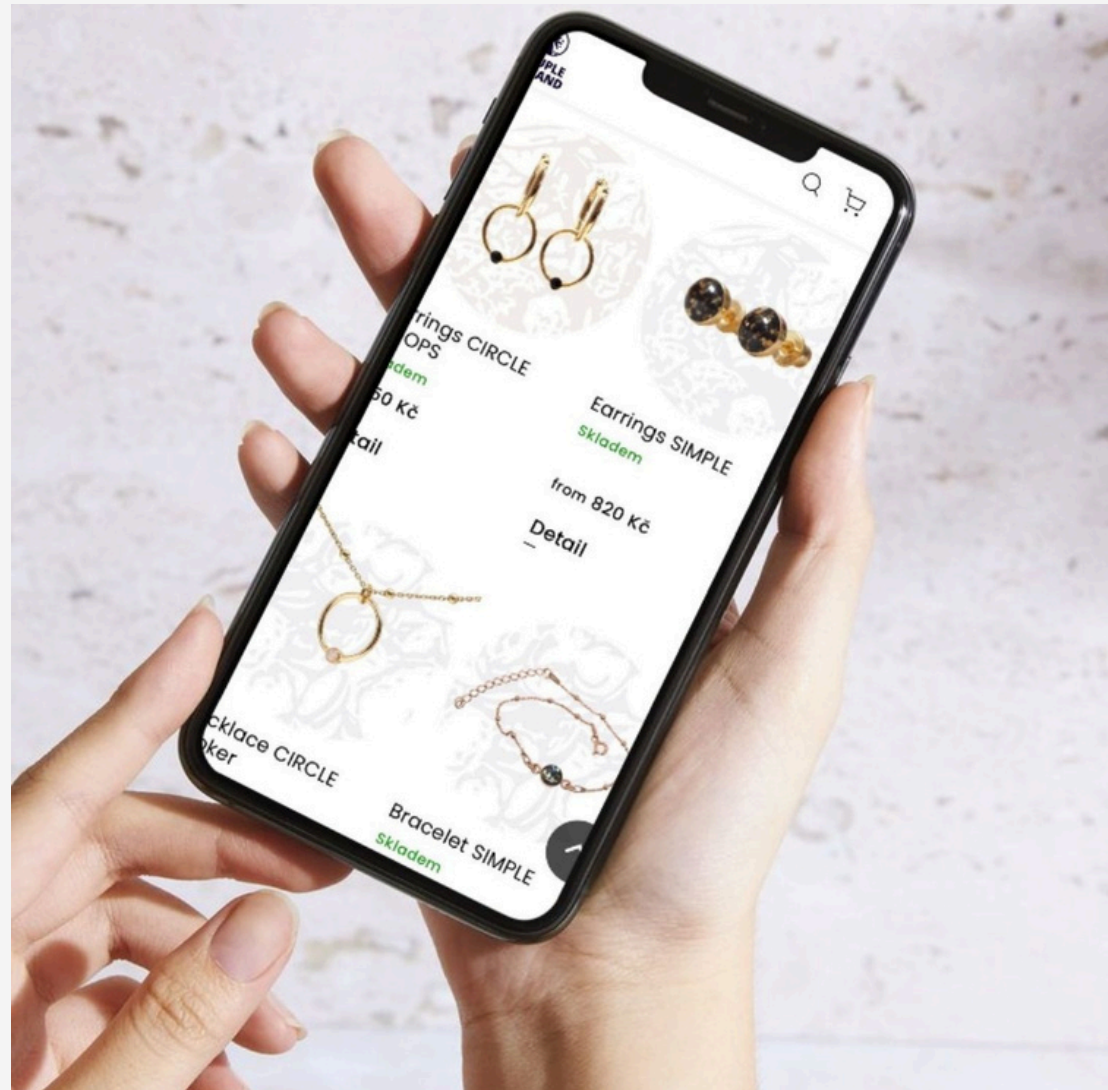

In 2015 started this business as a travelling couple who collect sand from the most beautiful places in the world.

At the end of our year-long trip around the world in 2017, we decided not to return to our old lives. We wanted to fully focus on building our own brand.

In 2026, we are a family of 5, travelling less than we would like to, but focusing at two things that bring us joy - our family and our project Couple Of Sand.
